

Professional services delivered to a high standard

PAYROLL fact sheet

Payroll forms part of the fully integrated SkyEnterprise system. It is a comprehensive module enabling you to conduct all your pay-related processes. The system is fully approved by HMRC so meets all regulatory guidelines. For maximum benefit, use alongside Human Resources and Financials (fact sheets available on Skynet website).

FEATURES of Payroll

- ▶ Process company payroll
- ▶ Inland Revenue year end processing
- ▶ Associate pensions, payments, deductions, payment frequencies etc to employees
- ▶ Ability to make global changes to Tax codes, NI categories, payments, deductions
- ▶ An override facility of payments and deductions at employee
- ▶ Numerous reports which are fully editable
- ▶ Links available to your finance system, either as a report or a .csv download file
- ▶ Email reminders for tasks
- ▶ Extensive management information via the use of user definable classifications

SKYENTERPRISE software

Adaptable software for your current and future needs:

- ▶ System is multi-company and multi-currency.
- ▶ Use in any industry and configure to your specifications.
- ▶ System is modular so choose which modules are suitable for you. Add further modules as and when you are ready.
- ▶ Purchase licences to meet your needs now, then add more licences later as necessary.
- ▶ Control user-rights to the system to minimise error.

Efficient, cost-effective, responsive software, providing huge business benefits:

- ▶ Import/Export data function
- ▶ Wizards & help-text for intuitive use.

Dynamic integrated e-business solutions which optimise Microsoft technologies:

- ▶ Fully integrated with other modules in SkyEnterprise.
- ▶ Email reminders for tasks.

In-depth analysis tools, analysing the management information you need, the way you need it:

- ▶ 10 user-definable classifications for management information analysis

SkyEnterprise core Modules

- ▶ Time & Expense
- ▶ Project Management
- ▶ Financials
- ▶ Payroll
- ▶ Human Resources

Additional Modules

- ▶ Tender Tracking/Estimates
- ▶ Resource Planning
- ▶ Business Planning

“Companycare have used the SkyEnterprise Payroll application for processing its payroll for many years. We are very happy with the way it has performed and the way system updating and support is handled. Finally we and find it user-friendly and simple to operate.”
